Colorado will be warm during the day, but cool at night so pack a sweater, sweatshirt, and lightweight jacket.

ipods/ipads and phones and will be collected once we reach camp. So phone cards are encouraged for calling home.

For the bus, pack a separate SMALL carry-on: Change of clothes, pillow, blanket, basic toiletries, bathing suit, towel, camera, and some sweatpants to slip on if you get chilly.

You'll want to have enough spending money to cover about 10 travel meals, and whatever else you think you may want for snacks and goodies while at camp. Anywhere from \$80 to \$3,000...you get the picture
